

§Appl. No. 09/449,077  
Amdt. dated July 26, 2004

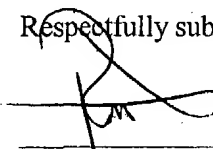

**REMARKS**

In a telephone interview with Examiner Gambel on July 26, 2004, it was agreed that the word "humanized" would be deleted from claim 46. This merely corrects a factual error in the claim, but does not change the scope in anyway, since the deposited cell line produces a human-compatible, but not humanized antibody. In that Applicants have amended claim 46 in accordance with the Examiner's suggestion, it is believed that this application is now in condition for allowance and allowance is respectfully requested. Also attached is information regarding the deposit of the claimed cell line of the DSM depository.

If there are any remaining issues which could be expedited by a telephone conference, the Examiner is courteously invited to telephone counsel at the number indicated below.

The Commissioner is hereby authorized to charge any fees associated with this response or credit any overpayment to Deposit Account No. 13-3402.

Respectfully submitted,

Richard M. Lebovitz, Reg. No. 37,067
